No. 335/K 3rd street
1st House Lions Town,
Tuticorin-628001, Tamilnadu.

Sir,

Sub: FEROX fuel catalyst Testing-Requested - M/s KV&B Energy Conservation- Test Results-Reg.

Ref: your letter dated 02/03/2020.

With reference to your request for testing of Forex fuel catalyst, we furnish the following findings..

- (1) The FEROX fuel catalyst was able to dissolve without any sediment and colour change.
- (2) Both diesel and petrol fuels were added with additives and tested for engine performance.
- (3) The engine performance with and without fuel additives were studied and found that the engine were running smoothly without any problem.
- (4) It was found that, smoke emission from diesel engine was observed to be less for the catalyst added fuel than that for the normal diesel fuel.
- (5) We have conducted only a limited number of trials, and the fuels consumption was comparatively less (up to 8%) for catalyst added fuel.

This is for your information and we thank you for using our lab facilities.
